PROFILE

Software Developer passionate about creating secure, innovative, and user-centric solutions. A graduate of the Creative Computing program at Sankt Pölten University of Applied Sciences, I combine hands-on industry experience with a dedication to staying at the forefront of emerging technologies. Motivated by curiosity and a commitment to excellence, I strive to make a meaningful impact in the software development field.

WORK EXPERIENCE

BOC Group , Vienna

2022 - PRESENT

Software developer

- Develop and enhance features for ADONIS, the flagship product of BOC Group, utilizing technologies such as Java, React.js, Redux, and PrimeReact.
- Implement web test automation using Playwright, writing test cases to ensure robust and reliable software performance.
- Serve as the Security Champion for the team, taking ownership of security responsibilities, including conducting in-depth security code reviews, implementing best practices, and ensuring compliance with industry security standards.

ICTeam , Cairo

2020 - 2022

Front End developer

- Designed, developed, and maintained multiple websites, ensuring alignment with client requirements and industry standards.
- Optimized user experience with responsive design, ensuring seamless functionality across various devices and screen sizes.
- Supported UI/UX design by creating interactive mockups and prototypes using Figma to streamline development workflows.

Elite Coding Academy , Cairo

2018 - 2020

Coding Co-Instructor

- Delivered foundational instruction in web development, focusing on HTML, CSS, and JavaScript.
- Mentored and supported over 50 students, with 80% earning the highest grade in the course.

EDUCATION

Bachelor of Creative Computing

2020 - 2023

Sankt Pölten University of Applied Sciences

GPA: 1.36 / 5.0

Foundation degree for electrical engineering

2019 - 2020

University of Applied Sciences Upper Austria

GPA: 1.64 / 5.0
